

A 3x3 grid of gray squares. The grid is composed of nine squares arranged in three rows and three columns. A thick black border surrounds the entire grid. In the bottom-left corner, there is a small black square. The rest of the grid is filled with gray squares.A diagram consisting of a 2x2 grid of gray squares. The grid is enclosed by a black border. At the bottom of the grid, there is a thick black horizontal bar that spans the width of the two squares. The bar is positioned between the bottom row of squares and the bottom edge of the grid.

A schematic diagram of a building floor plan, represented as a 2x3 grid of gray squares. Each square is outlined with a thick black border. The grid is composed of two rows and three columns. The top row contains three squares, and the bottom row contains three squares. The squares are arranged in a regular pattern, with a small gap between the top and bottom rows. The entire grid is set against a white background.
